	<b>Pearson Construction, LLC</b>
Road Improvements; Webb Road Between 79th and 87th Streets South (R367)	<b>\$773,956.35</b>
Bid Bond	<b>Yes</b>
Acknowledged Addendum	<b>Yes</b>

On the recommendation of Lee Barrier, on behalf of Public Works, Tim Myers moved to **accept the low bid from Pearson Construction, LLC in the amount of \$773,956.35**. Anna Meyerhoff-Cole seconded the motion. The motion passed unanimously.

Sedgwick County Project R367 will reconstruct the existing gravel portion of Webb Road for approximately ¾ of a mile north of 87<sup>th</sup> Street South. The newly constructed road will be two-lane asphalt with open ditches for improved drainage and safety. This is a joint project with the City of Derby, a private developer, and Sedgwick County all financially contributing. Derby will annex or maintain the entire project upon completion of the project.

Pearson Construction, LLC is a known contractor to Public Works and has successfully worked on many past county projects.

**Questions and Answers**

Brandi Baily: You said this is a joint project between the three (3) entities, is this pricing Sedgwick County's portion or is the county paying for it all up front and being reimbursed for it?

Lynn Packer: Yes, this is the total cost of the project in its entirety, and we will be reimbursed. The developer has already paid Derby their share and Derby is going to reimburse us, as we invoice them, throughout the project. I will add, it was basically a 1/3rd split for each of us, so Derby is going to end up covering about 2/3rds of the cost of the project overall.
