**You are not alone.** Join with a community of suicide loss survivors to find comfort and gain understanding as we share stories of healing and hope.

## The Program

**10:00 a.m.** Welcome & Screening of *Life Journeys*

**11:30 a.m.** Lunch Provided

Small groups of survivors with similar loss supported by mental health professionals and trained facilitators.

**1:00 p.m.** “We Remember Them” Reading and Adjourn

*You are invited to bring pictures your loved one for the remembrance table.*

## *Life Journeys*

Each event will include a screening of *Life Journeys: Reclaiming Life after Loss*, a new AFSP-produced Survivor Day documentary that traces the grief and healing journey that follows a suicide loss over time. Drawing on stories and insights from long-term loss survivors, the film shows us that through resilience and support we can achieve hope and understanding in our lives while celebrating the lives of those we lost.
