FOR IMMEDIATE RELEASE

Construction to Close Hydraulic Between 63rd and 71st South

(Sedgwick County, Kansas) – Beginning Monday, April 4, Hydraulic between 63rd St. and 71st St. South will be closed to through traffic.

This closure will take place in order to perform structural repairs to the bridge over the Wichita/Valley Center Flood Control Drainage Channel. Completion for the project is slated for mid-June.

During the closure, the suggested detour route is: west on 63rd South to Broadway (US-81), south to 71st St. South (Grand Avenue in Haysville) then east on 71st St. South to Hydraulic.

"We understand that this road closure may cause some inconveniences to citizens," said Sedgwick County Commission Chairman Dave Unruh. "We are working hard to make sure that these inconveniences are minimal and that the road is open as soon as possible."
