FOR IMMEDIATE RELEASE

Sedgwick County Appraiser to Mail Personal Property Value Notices

(Sedgwick County, Kansas) – The Sedgwick County Appraiser's Office will mail approximately 38,000 Individual and Business Personal Property Value Notices on **May 1**. Individual personal property includes boats, jet skis, trailers, manufactured homes and off road motor vehicles. For businesses, personal property includes all furniture, machinery and equipment owned by the business.

Property owners will find a summary of both **2005** and **2004** values, a description of property classifications and their respective assessment rates, and the appeal form printed with filing instructions on the backside of their notice.

If a value includes a penalty, we may not have received the filing. In such situations, filing a personal property rendition may reduce penalties.

Property owners with questions may contact the Appraiser's Office – Information & Assistance Division at 660-9110, 525 N Main, Rm. 227, or visit our website, www.sedgwickcounty.org.

Media inquiries: Please contact Chris Morlan, project leader at 660-9273, or by email: cmorlan@sedgwick.gov.
