## **FOR IMMEDIATE RELEASE**

### **SEDGWICK COUNTY REGISTER OF DEEDS TO DEMONSTRATE E-RECORDING**

(Sedgwick County, Kansas) – Today, the Sedgwick County Register of Deeds demonstrated the new E-Recording service at a gathering at the Sedgwick County Courthouse.

E-Recording is the process of digitally creating, submitting, and recording legally binding land ownership records. This service allows the ability to create, sign, transmit, record, index, archive, and return the original document without touching a piece of paper.

“We are very excited by what the new E-Recording service brings to the citizens of Sedgwick County including a great savings of time,” said Sedgwick County Commissioner Chairman Dave Unruh. “We are always pleased to add more e-government services.”

For more information, refer to the attached fact sheet or contact the Register of Deeds at 660-9393.
