Days for delivery			20 days						10 days		4 days

On the recommendation of Kandace Johnson, behalf of the Facilities Department and Appraiser's Office, Ron Estes moved to **accept the low complete bid from Midwest Electrical Supply Co. in the amount of \$22,731.24.** Irene Hart seconded the motion. The motion passed unanimously.

These parts are for wiring and cabling of workstations and computer equipment in addition to the relocation of the Appraiser's Office at the Harry Street Mall, located at 3805 E. Harry. Installation and labor will be bid separately and completed by an electrical company, in-house staff cannot provide labor as this is a leased facility.

This list of items is for data cabling to support the Appraiser's Office computers and phones and includes; phone jacks, patch panels, racks, support clips, face plates and cable. Our technology staff determined the equipment needed.

Question: Who is doing the cabling installation? County does not have enough resources available (internal labor) to do the work, therefore, the labor will be bid separately.

Question: Does the \$22,731.24 fit in with the estimated project cost? Yes

M = thousand

C = hundred
