I. About this Document

This document is a Request for Proposal. It differs from a Request for Bid or Quotation in that the county is seeking a solution, as described on the cover page and in the following Background Information section, not a bid or quotation meeting firm specifications for the lowest price. As such, the lowest price proposed will not guarantee an award recommendation. As defined in Charter Resolution No. 68, Competitive Sealed Proposals will be evaluated based upon criteria formulated around the most important features of the product(s) and/or service(s), of which quality, testing, references, service, availability or capability, may be overriding factors, and price may not be determinative in the issuance of a contract or award. The proposal evaluation criteria should be viewed as standards that measure how well a vendor's approach meets the desired requirements and needs of the county. Criteria that will be used and considered in evaluation for award are set forth in this document. The county will thoroughly review all proposals received. The county will also utilize its best judgment when determining whether to schedule a pre-proposal conference, before proposals are accepted, or meetings with vendors, after receipt of all proposals. A Purchase Order/Contract will be awarded to a qualified vendor submitting the best proposal. **Sedgwick County reserves the right to select, and subsequently recommend for award, the proposed service(s) and/or product(s) which best meets its required needs, quality levels and budget constraints.**

The nature of this work is for a public entity and will require the expenditure of public funds and/or use of public facilities, therefore the successful proposer will understand that portions (potentially all) of their proposal may become public record at any time after receipt of proposals. Proposal responses, purchase orders and final contracts are subject to public disclosure after award. All confidential or proprietary information should be clearly denoted in proposal responses and responders should understand this information will be considered prior to release, however no guarantee is made that information will be withheld from public view.

II. Background

Sedgwick County, located in south-central Kansas, is one of the most populous of Kansas' 105 counties with a population estimated at more than 514,000 persons. It is the sixteenth largest in area, with 1,008 square miles, and reportedly has the second highest per capita wealth among Kansas' counties. Organizationally, the county is a Commission/Manager entity, employs nearly 2,500 persons, and hosts or provides a full range of municipal services, e.g. – public safety, public works, criminal justice, recreation, entertainment, cultural, human/social, and education.

In 2016, Kansas passed the Juvenile Justice Reform Bill, a Bill intended to improve the way in which the state works with and assists the youth served by the juvenile justice system. As part of this reform, the Evidence-Based Programs Fund was developed to provide for reinvestment in community programs and practices. Research that led to the creation of the Bill found that communities lacked evidence-based programs, that services were costly and that, often, lengthy waitlists existed.

In keeping with one of the goals of the initial workgroup, to “improve outcomes for youth, families, and communities in Kansas,” this document outlines how agencies or organizations may propose to receive funds from the Evidence-based Programs Fund through the Kansas Department of Corrections (KDOC) in order to provide support for juvenile offenders and their families.

Preference for funding is given to evidence-based model programs or programs demonstrating a strong research basis showing positive effects reducing participant's risk for future juvenile delinquency. To be considered an evidence-based model program, programs must meet the rigorous research standards as defined by Blueprints for Violence Prevention (refer to <http://www.blueprintsprograms.com/programs>).

Programs other than Blueprint model programs *may* be considered evidence-based if they meet or exceed the level of research the Blueprint model program uses in their determination (see for Blueprint research requirements). Evidence-based practices (such as Motivational Interviewing, Cognitive Social Learning, etc.) are also given consideration.

All programs and services funded through Kansas Department of Corrections funds are expected to target the risk factors and include measurable goals and outcomes towards this purpose. All expenditures must be used to develop and implement evidence-based community programs and practices for juvenile offenders, juveniles experiencing mental health crisis and their families by community supervision offices including, but not limited to, juvenile intake and assessment, court services, community corrections and juvenile crisis intervention centers.

Programs should be offered by experienced qualified organizations or individuals and provide services that are designed to serve juvenile justice system-involved youth and preclude further involvement in the system.

Organizations may have an opportunity to give presentations to clarify proposed services if requested by the grant review committee.

III. Project Objectives

Sedgwick County, Kansas (hereinafter referred to as “county”) is seeking a firm or firms to provide evidence-based practice for the following services to youth and families in Sedgwick County:

- Mentoring Services
- Family Support Services
- Empowering Youth Voices
- Employment Services

The county requires the most thorough and professional services available. The following requirements are listed to assist proposers in understanding the objectives and in submitting a thorough response. All proposals must speak to the ability to meet the following requirements. Please note a copy of an annual audit or financial statement (if no audit is available) must be included with proposal. If it is your belief a mandatory requirement does not apply to your agency, this must be noted on the attached check-off sheet. Any proposals that do not satisfactorily meet the mandatory requirements will not be considered for funding. The successful proposer shall:

1. Acquire program services meeting the parameters, conditions, and mandatory requirements presented in the document.
2. Establish contract pricing with the vendor that has the best proven “track-record” in performance, service, and customer satisfaction.
3. Acquire program services with the most advantageous overall cost to the county.
4. Agree to abide by the terms and conditions of any Federal/State/County contract provisions and guidelines.
5. Have the capability of entering into a written agreement with the county, setting forth the specific terms and conditions with which the proposer must comply.
6. Provide the agency's most recent annual audit, including any single Audit Act Reports that are required of the agency (OMB A-133 or Title 2 Part 200 Uniform Guidance); or financial statement prepared by a professional accountant or accounting firm if no audit is available.
7. Assure the county that grant funds will not be used to supplant existing resources, including earned income. Grant funding can be used to expand an existing program or to create a new program but may not be used in place of current funding. Provider may not charge participants for services, and program revenue may not be generated as a result of this grant-funded activity.
8. Ensure that quarterly status reports and information is provided documenting, service delivery location(s), progress toward meeting goals or risk loss of remaining funds.
9. Identify direct, measurable participant outcomes and methods of measurement (see outcomes under Proposal Content Section below).

10. Appropriately fill out the Proposal Response Form, following the directions and ensuring the **narrative [which includes the statement of problem and community need, proposed service location(s), use of evidence-based practice(s) (EBP), the management plan and outcomes] is no longer than ten pages with at least one inch margins and font no smaller than 12 pt.** The Proposal Response Form should provide complete information on the program. Unrequested information, such as brochures, newspaper articles and videotapes, will not be reviewed or considered as part of the proposal.
11. Evidence-Based Program Funding is available for any community organization that applies and meets all of the requirements set forth in this RFP. During this RFP, Sedgwick County would like to encourage organizations that could provide services to address Juvenile Offenders, Juveniles experiencing /mental health related crisis, and their families to consider applying for the Evidence Based Program funding.

Component	Points
a. Overall Project Plan/Agency Capability to implement effective program	20
b. Evidence Based Practice(s) model and applicability to target population	20
c. Ability to apply & comply with Risk-Need-Responsivity criteria	20
d. Ability to conduct assessment and address youth needs	15
e. Relevant Measurable Outcome(s)	15
f. Data Collection Methods and reporting requirements	10
Total Points	100

Assume the following cost proposals (**examples only**)

- A. \$50,000.00
- B. \$38,000.00
- C. \$49,000.00

Company B with a total price of \$38,000.00 is the low offer. Take the low offer and divide each of the other offers into the low offer to calculate a percentage. This percentage is then multiplied by the number of points available for the cost. In this case, 10 points are allocated to cost.

- A. \$38,000.00 divided by \$50,000.00 = .76 .76*10 7.6 points
- B. \$38,000.00 divided by \$38,000.00 = 1.00 1.00*10 10 points
- C. \$38,000.00 divided by \$49,000.00 = .77 .77*10 7.7 points

Any final negotiations for services, terms and conditions will be based, in part, on the firm’s method of providing the service and the fee schedule achieved through discussions and agreement with the county’s review committee. The county is under no obligation to accept the lowest priced proposal and reserves the right to further negotiate services and costs that are proposed. The county also reserves the sole right to recommend for award the proposal and plan that it deems to be in its best interest.

The county reserves the right to reject all proposals. All proposals, including supporting documentation shall become the property of Sedgwick County. All costs incurred in the preparation of this proposal shall be the responsibility of the firm making the proposals. Sedgwick County reserves the right to select, and subsequently recommend for award, the proposed service which best meets its required needs, quality levels and budget constraints.

VIII. [Required Response Content](#)

The information provided in the proposal will be carefully reviewed and used in making a determination; providing specific information on how your organization meets the criteria will assist the reviewers in making a better informed decision. Proposal pages should be numbered, single sided and secured with a single clip or rubber band; proposals should not include staples or binding (this includes audits). Narrative pages must have a margin of at least one inch and font of no smaller than 12 pt. Please be concise and reference sources as required.

PROPOSAL RESPONSE FORM should be the first page of the proposal so the firm name and contact are clearly visible.

- 1) Cost Information (Un-allowed costs include construction and fund raising).
 - a) State the total amount requested to provide the described services in meeting ALL Mandatory Requirements, Specific Program Components and Conditions listed in this Request for Proposal.

A. Management Plan:

1. Why is your program needed? Describe in detail the specific service your program will provide, including individual characteristics of population to be served. Where can the information about need be found? Be very specific as to program details of the service you provide.
2. What steps does your organization plan to take to make sure the program offered is of good quality? Answering this question will require detailing staff assignments and experience, internal evaluation, relationships with sources of evidence-based programs, etc. If you have previously offered evidence-based programs, you may want to offer a letter of reference from that organization. Please include a timeline and staffing patterns. If the provider anticipates a gearing-up effort, indicate when the program will be operating at full capacity. Job descriptions of relevant staff should be attached as **Appendix b**.
3. What reviews does the provider intend to conduct internally related to achieving the amount of services provided in accordance with the funding? Will the provider periodically assess their ability to meet target numbers? Funding reductions may occur if programs indicate they will be unable to reach their target goal of numbers served. Please explain how funding was determined based on the target number to be served.

B. Outcomes:

Describe program/service goals as related to the stated problem and need. Define measurable outcomes of the proposed program/service and describe how the outcomes will be measured (pre-and post-test, survey, etc.). Quantitative data is preferred over qualitative data.

Please note, developing measurable outcomes should begin with identifying a goal (what you expect the program will accomplish) and then formulating how to measure your success at achieving this goal. *Outcomes are changes in attitude, behavior, skills or knowledge; program inputs (number served, hours of service provided, or brochures printed, etc.) are not outcomes.*

1. All programs must include the following Outcomes in addition to Outcomes set by the provider.
 - A. 80% of youth will successfully complete the program.
 - B. 100% of youth will be living at home at completion of program.
 - C. 90% of youth will be currently attending school or working at completion of the program.
 - D. 80% of youth who successfully complete the program will show no new arrests after six (6) months of completing the program, as measured by Sedgwick County Department of Corrections. Arrest information will be requested from Sedgwick County Department of Corrections, which will include JIAC record checks.
 - E. 70% of youth who successfully complete the program will show no new arrests after 12 months of completing the program, as measured by Sedgwick County Department of Corrections. Arrest information will be requested from Sedgwick County Department of Corrections which will include JIAC record checks.

A good outcome measurement system should not rely completely on self-report, but should, ideally, contain information from several sources including official records (i.e. school, Juvenile Intake and Assessment Center, etc.). Programs should include an outcome such as contact with the Juvenile Intake and Assessment Center (JIAC). An outcome template has been provided and should be completed and attached as **Appendix F**.

C. Appendices:

1. **Appendix A:** Budget Template (provided) with Budget Narrative (Note: if the program has other funding sources, these sources should be included in the budget. The budget should clearly identify the totality of the program funding and what piece the requested Sedgwick County funds would provide. If the program was funded through Kansas Department of Corrections funds last year, the budget should distinctly identify what any additional funding requested would provide, i.e. increase number served, expand to new site, cost of living increase, etc.).
2. **Appendix B:** Job descriptions and resumes of key staff
3. **Appendix C:** Letters of support (should not be older than three (3) months)
4. **Appendix D:** Copy of Independent Audit
5. **Appendix E:** Copy of state certificate of tax clearance (may be obtained online) <http://www.ksrevenue.org/taxclearance.html>), **and** copies of any licenses, permits, and certificates necessary to provide services in the State of Kansas, if applicable.
6. **Appendix F:** Outcomes Template (provided)

All proposal submissions shall include the following Miscellaneous Agency information:

1. Firm profile: the name of the firm, address, telephone number(s), contact person, year the firm was established, and the names of the principals of the firm.
2. The firm's relevant experience, notably experience working with government agencies.
3. At minimum, three (3) professional references, besides Sedgwick County, with email addresses, telephone numbers, and contact persons where work has been completed within the last three (3) years.
4. A disclosure of any personal or financial interest in any properties in the project area, or any real or potential conflicts of interest with members of the Sedgwick County Board of County Commissioners or county staff.
5. A description of the type of assistance that will be sought from county staff, including assistance required from the county to lessen the costs of this project.
6. Proof of insurance meeting minimum insurance requirements as designated herein.
7. Those responses that do not include all required forms/items may be deemed non-responsive.
