	Wildcat Construction	

On the recommendation of Lee Barrier, on behalf of Public Works, Jennifer Blasi moved to **accept the low bid from Pearson Construction, LLC in the amount of \$1,145,290.60**. Tim Myers seconded the motion. The motion passed unanimously.

Ridge Road Shoulder Improvements will add shoulders to approximately two (2) miles of North Ridge Road, improving roadside safety and overall road drainage, between 53rd Street North and the Arkansas River.

Pearson Construction, LLC is well known to Public Works and has successfully worked on many past projects.

Questions and Answers

Greg Gann: The only question I have is related to timeline, time that the construction will begin and expected duration of the construction.

Lynn Packer: The construction is slated for this particular project, about a year and we don't know the exact strong window yet. We gave them a window that they could start by and that window would start basically by the end of this year.

Greg Gann: Is this project wholly a county project or is this in conjunction with any municipalities that are abutting the roadway?

Lynn Packer: This is 100% a county project.
