#### **Questions and Answers**

Brandi Baily: Is this our current vendor?

Jaimee O'Laughlin: Yes.

Brandi Baily: Are they out of Emporia or do they have an office here in town?

Jaimee O'Laughlin: Let me look here. It says they're out of Emporia.

Brandi Baily: Have we had any issues ever with them being able to service since they are out of town?

Mario Salinas: We haven't had any issues with them providing supplemental supplies.

Philip Davolt: I've just got a couple questions. What was the determining factor to choose them over F&A foods?

Jaimee O'Laughlin: If you'll note the components that I read down at the bottom, with proposals those are the components with those scores that the committee looked to as far as determining which one of the vendors they selected. So based off of their proposals and how they felt they scored in each of those areas, they were scored on that and ultimately Evco scored the highest of all those components. That is why we're recommending them for award today.

Philip Davolt: I did the math and the right hand column is less than the left hand column. The other question is why the differences in the prices? Some of these are very significantly different.

Jaimee O'Laughlin: I couldn't really say on that. Again, that's the main difference between a bid and a proposal. A bid, you're going to get the lowest price that meets all the specs. That's how you're going to award that vendor, whereas proposal, you have these other components that you're scored on. So cost isn't going to be your deciding factor there. There are a lot of other items that came into play and that's how we ultimately determined.

Jared Schechter: One question primarily for education for myself and anything on this. So this is commissary. Is this just for items for inmates to buy or is county buying? I guess I'm still kind of confused when you say commissary.

Mario Salinas: The juvenile detention and juvenile residential facility as well as evening reporting centers they provide outside of the food contract, they provide supplemental snacks and/or food for daily programming. So this is outside of the food service contract that we supplement.

Jared Schechter: So the county prepares these food items then and they take these items home?

Mario Salinas: No. It could be crackers, chips, or any of those types of miscellaneous throughout the day. If they're doing a certain activity, they would be provided those snacks.

Jared Schechter: These are pre-packaged snacks is what you are saying?

Mario Salinas: For the most part, unless they're doing an activity where they would make something with maybe like an independent living therapist or something like that. For the most part, it's pre-packaged.

Jared Schechter: I guess that then goes back to the question before about cost and some items are almost twice as much for pre-packaged.

Mario Salinas: Yeah and to add onto what was said about the components, the minimum order for Evco is less than the minimum order for the other provider. So that could be part of the factors that were considered, as well as overall proposal and the ability to have in stock products and the references overall.

Tim Kaufman: This is the current vendor that's being recommended. Have you had any problems or concerns with their performance?

Mario Salinas: No. We haven't had any problems or concerns. I think one time they had one item out of stock and they were able to get fairly quickly. That was once in a couple years now. If you look at total spend, this isn't a big item we spend a lot of money on as determined based on snacks and non essential items.

Tim Kaufman: You use the word supplemental before so this is in addition and on top of the normal meal program?

Mario Salinas: Yes. Historically, we ran our own kitchen with DOC kitchen and staff and now that we've contracted that out, we don't use this very often, but we still have that need.

### **Questions and Answers**

Brandi Baily: In here, you say the RFP is for State Fiscal Year 2026 and you have the dates 7/1/25 - 6/30/27. So is it covering 2026 and 2027 or is it just covering 2026?

Lee Barrier: It's covering through 2027.

Anna Meyerhoff-Cole: Can you expand on the supplemental request for \$240,000.00 that's to establish services because it's almost the same amount as just providing the service for a much longer period of time. So what all is contained in establishing the services?

Mario Salinas: So the provider has a spot that's currently being utilized for other services. In order for them to prepare that space for the juvenile population, and to be licensed by Department of Children and Families, they have to have the facility upgraded with certain features so that's the start up cost and bought with the unexpended funds from the current State Fiscal Year.

Tim Kaufman: Thank you. I'm not familiar with Cherry Creek Treatment. Is that here in town?

Mario Salinas: My understanding is it's here in town. I don't know the exact location. They serve boys and girls ages 12-18 for inpatient substance abuse and educational services.

The ORU is currently temporarily housed on the second floor of the annex in space vacated by the District Attorney's recent move.

The remodeled space will be approximately 4,000 square feet and will include a new separate entrance and vestibule on the east side of the annex, waiting area, receptionist's room, multi-station work room, three (3) interview rooms, processing room, breakroom, and restrooms. The second floor restrooms will also be remodeled and a unisex restroom will be added on that floor.

Notes:

Funding is contingent on approval.

### **Questions and Answers**

Brandi Baily: In your notes, it says funding is contingent on approval. So if we approve this, how will it be funded?

Lindsay Poe Rousseau: So yes, because this did not come up through a typical CIP process and is also something that's being required to be compliant with the City of Wichita requirements, we are going to do this with a contingency budget transfer to Facilities, assuming that this is approved by the commission next week. You know that typically Purchasing requires a PO to be in place but because of the dollars required here, we want to make sure that the commission is supportive of this project and this dollar amount before we actually transfer the funds and create the cart. So that's why the language is that way.

Tim Kaufman: Lindsay, could you clarify that this is a Project Services project?

Lindsay Poe Rousseau: Correct. It is. It is obviously located adjacent to the zoo and parks on county owned property. So because of that, Facilities Project Services will have the actual funds transferred to them and will be responsible for the liaising between the zoo and the contractors.

# 8. DS450 ANNUAL HARDWARE & SOFTWARE MAINTENANCE, SUPPORT, AND LICENSE AGREEMENT -- ELECTIONS OFFICE FUNDING -- ELECTIONS OFFICE

(Single Source)

#25-2010 Contract

November 1, 2024 - October 31, 2025	Election Systems & Software (ES&S)
ES&S Hardware Maintenance Fees	\$3,270.00
ES&S Firmware License, Maintenance, and Support Fees	\$1,795.00
Total	\$5,065.00

On the recommendation of Jaimee O'Laughlin, on behalf of the Elections Office, Brandi Baily moved to accept the quote from Election Systems & Software (ES&S) in the annual amount of \$5,065.00 to be automatically renewed annually unless notice of termination is provided by either party. Philip Davolt seconded the motion. The motion passed unanimously.

This agreement is for hardware and software maintenance, support, and license agreement for the DS450 scanner and tabulator as the initial warranty has expired. Preventative maintenance and software licensing is required to ensure the DS450 is in working order. If this equipment does not possess a post-warranty maintenance plan, any potential maintenance would occur outside of a maintenance agreement and the Election Office would be required to pay them at the current rates.

#### Notes:

ES&S may increase the Hardware Maintenance and Software License, Maintenance, and Support Fees for a renewal period by not more than 10% of the amount of the most recent fees paid by customer.
