**Questions and Answers**

Brandi Baily: In here, you say the RFP is for State Fiscal Year 2026 and you have the dates 7/1/25 - 6/30/27. So is it covering 2026 and 2027 or is it just covering 2026?

Lee Barrier: It's covering through 2027.

Anna Meyerhoff-Cole: Can you expand on the supplemental request for \$240,000.00 that's to establish services because it's almost the same amount as just providing the service for a much longer period of time. So what all is contained in establishing the services?

Mario Salinas: So the provider has a spot that's currently being utilized for other services. In order for them to prepare that space for the juvenile population, and to be licensed by Department of Children and Families, they have to have the facility upgraded with certain features so that's the start up cost and bought with the unexpended funds from the current State Fiscal Year.

Tim Kaufman: Thank you. I'm not familiar with Cherry Creek Treatment. Is that here in town?

Mario Salinas: My understanding is it's here in town. I don't know the exact location. They serve boys and girls ages 12-18 for inpatient substance abuse and educational services.
